

## A guide to finding teacher's feedback on Teams

Teachers are spending a lot of time reading and giving written feedback on pieces of work submitted on Teams, but unfortunately it isn't always easy to find it!

There are two ways to find the feedback that has been given:

### 1) Through the 'Activity' tab

Click on the Activity tab, and any assignments that have been returned are listed in the feed. Click on the post, and the assignment and feedback will be shown in the main window. Corrections/edit can then be made directly

### 2) Through the 'Assignments' tab

Feedback can also be found by re-opening assignments that have been turned in. Close the 'Assigned' list, and instead expand the 'Completed' list.

Click on the relevant assignment to see the feedback, then edit accordingly
