Early help is about children, young people and families getting the right help at the right time.

Dinglewell Junior School is part of the wider Early Help Partnership.

Early Help Partnerships have been developed within each locality across Gloucestershire. The Early Help Partnerships build on existing arrangements and services already in place, working to share resources and reshape service delivery to meet the local needs of children, young people and their families. All practitioners working with children, young people and their families form part of the wider early help partnership within each geographical area.

All children receive Universal Services however some children will need extra support in order to be healthy, safe and to achieve their full potential. Early help is about identifying the right support for children, young people and their families as soon as problems emerge. It is also about identifying support at all stages of a child's life; pre-birth, childhood and or adolescence. The purpose of early help is to prevent issues and problems becoming serious and harmful to the child and their respective family and community.

Dinglewell Junior School recognises the importance of identifying and providing Early Help to parents, carers or family members who are concerned about their child. For parents the school is easily accessible which creates a convenient starting point if anyone has concerns to share about their child. We work alongside and in partnership with other agencies including the Advisory Teaching Service, Charities, Children Centres, CAMHS, Educational Psychologist, **TalkWell, Young Mind's Matter**, School Nursing Team, Social Care and Young Carer's.

Dinglewell Junior School has a Pastoral Inclusion Manager who can offer targeted work with children and families, advice and signposting. Our School operates an open door policy where parents and carers are encouraged to approach the school at the earliest opportunity

for support and advice. The Pastoral Inclusion Manager is trained and experienced in supporting with all aspects of family life.

All staff are available in a pastoral capacity should parents/carers have a concern. Parents can either talk directly to their child's Class Teacher or seek advice by requesting a telephone call or appointment with the Pastoral Inclusion Manager, Headteacher, Deputy Headteacher or SENDCo. Appointments can be made by contacting the School Office - **01452 617376**.

When children and families need additional support, a timely, coordinated and multi-agency approach is usually best. The school can organise meetings which are sometimes referred to as a Team around Child (TAC) or Team around the Family (TAF) meetings.

The support would start by an Early Help assessment into a family's circumstances and a Lead Professional would be nominated. This person can be chosen by the family or be appointed as the person with the greatest knowledge of the family. They work closely with the child, family and other professionals to deliver and co-ordinate support.

Graduated Early Help and support involves; identification; assessment; planning; providing services and reviewing the needs of the child.

The SENDCo and Pastoral Inclusion Manager work closely together to ensure that school meets the needs of all pupils' particularly young people and their families with additional needs, including those with SEN and Disabilities. The implementation of the My Plan, My Assessment, My Plan+ and the Education, Health and Care Plan will provide a holistic approach to support families and young people with additional needs.

Our **PSHSE** curriculum is taught through our Jigsaw scheme throughout the school and is a tailored programme delivered to each year group to look at issues around mental health, emotional well-being, healthy relationships and body image to name a few.

Bullying – Dinglewell Junior School is committed to tackling bullying. We want to know immediately if there are any issues with bullying at school so that they can be addressed. We have a series of teaching resources produced by the Gloucestershire Healthy Living and Learning Team www.ghll.org.uk to support this. Education about bullying is an integral part of our Wellbeing programme.

E-Safety - On-Line safety is taught through Computing and within PSHE lessons, but also across the broader curriculum. E-safety is a key part of the ongoing curriculum.

Preventing Radicalisation: Dinglewell Junior School teaches traditional British values through the school curriculum. Democracy, rule of law, respect for others, liberty, tolerance of those with different faiths and beliefs and promotion of 'Britishness'. All of these values are reflected in our school values and discussed in class based and whole school assemblies. Pupils need to understand that radicalisation can be a form of grooming online and

understand the notion of propaganda. They need to be taught to be discerning about what they read on the internet as the dangers of speaking to strangers online

Support Services Available in Gloucestershire

Universal source of help for all families in Gloucestershire: Gloucestershire Family Information Service (FIS) FIS also have a website www.glosfamiliesdirectory.or.uk which has a wealth of local information for parents, carers and professionals.	Gloucestershire Family Information service(FIS) https://www.gloucestershire.gov.uk/health-and-social-care/children-young-people-and-families/family-information-service-fis Advisors give impartial information on childcare, finances, parenting and education. FIS are a useful source of information for parents and professionals. They support families, children and young people aged 0-19 years of age (25 for young people with additional needs) and professionals working with these families. They can help link parents up with other organisations that might be able to help or provide the information themselves e.g. parents could ask them about holiday clubs in their area. On the Glosfamilies directory home page you will see three areas; The Family Information Directory, which details information on Family Support & Advice, childcare, education and things to do in your local community. The local offer, which is a central source of information for Children and Young People aged 0- 25 with Special Education Needs and Disabilities (SEND) and their families in Gloucestershire. And finally an area for professionals which provides a centralised and up to date point of reference. This area has been designed to support work with families.
